Exp B2 — embodied like-for-like: fixed reward-free swarm vs online RL learner in the SAME spatial environment
(a) in-env performance, congestion
swarm (reward-free)
embodied learner (REINFORCE)
cumulative intake (mean over replicas)
time (ticks)
(b) time-to-plateau
swarm
learner
intake rate / tick (smoothed)
time (ticks)
(c) robustness: mid-run relocation
relocation
swarm
learner
intake rate / tick (smoothed)
time (ticks)
